PROFESSIONAL SUMMARY

Results-driven Full Stack Developer with expertise in creating responsive, user-friendly web applications using React.js, JavaScript, MySQL, and Node.js. Strong foundation in both frontend and backend development, with a passion for clean code, problem-solving, and performance optimization. Proven ability to work in Agile teams and deliver scalable, high-quality solutions.

TECHNICAL SKILLS

- **Frontend:** HTML5, CSS3, JavaScript (ES6+), React.js, TailwindCSS, Vite
 - **Backend:** Node.js, REST APIs
 - **Database:** MySQL
 - **Tools:** Git, GitHub, npm, VS Code, Chrome DevTools
 - **Others:** Responsive Design, Cross-browser Compatibility, Debugging, Agile/Scrum, Jest, React Testing Library
-

PERSONAL QUALITIES

- Strong problem-solving and analytical skills
 - Excellent teamwork and collaboration abilities
 - Effective verbal and written communication
 - Quick learner with adaptability to new technologies
 - Detail-oriented with a focus on quality and performance
 - Self-motivated and able to work under minimal supervision
-

PROFESSIONAL EXPERIENCE

Frontend Developer (React.js) – FEMTECH IT COMPANY | Remote | [Dates]

- Developed and optimized mobile-first web applications, improving user retention through responsive design and enhanced UX.

- Implemented timing-based algorithms to manage job post visibility, increasing content relevance and engagement.
 - Built scalable, maintainable architecture using React.js, integrating with secure backend APIs.
 - Conducted performance audits, reducing application load time and improving SEO through Next.js SSR and SSG.
 - Collaborated with cross-functional teams in Agile environments to deliver new features on time.
 - Performed unit, integration, and end-to-end testing to maintain platform stability.
-

PROJECTS

Jewelry E-Commerce Platform – React.js, Node.js, MySQL

- Designed and developed a full-stack platform with features such as product filtering, cart management, authentication, and secure checkout.
- Built an admin dashboard to manage products, orders, and users.
- Integrated RESTful APIs for real-time CRUD operations and optimized for performance across devices.

Clinic Booking Website – React.js, TailwindCSS, JavaScript

- Developed a booking system with one-booking-per-day logic, rescheduling, and cancellation features.
- Implemented service-specific booking and secure payment tracking.
- Enhanced UI with animations, mobile responsiveness, and user-friendly navigation.

Personal Portfolio Website – React.js, TailwindCSS

- Created a single-page portfolio showcasing skills, projects, and contact info.
 - Integrated EmailJS for real-time messaging and optimized design for mobile and desktop.
-

EDUCATION

Bachelor of Arts (B.A.) – Islamic Studies

University of Ilorin, 2018 – 2023

CERTIFICATIONS

- Web Design & Application Development – FEMTECH
 - JavaScript Algorithms & Data Structures – freeCodeCamp
 - Responsive Web Design – freeCodeCamp
